Revision A, April 10, 2013, © 2013 Pearson Education, Inc. or its affiliates. All rights reserved. This edition applies to Release 8.2 of the PowerSchool SMS® software product and to all subsequent releases and modifications until otherwise indicated in new editions or updates.

This document describes changes to the reports in the PowerSchool SMS 8.2 Report Package.

Download the PowerSchool SMS 8.2 Report Package from *Pearson PowerSource* (<https://powersource.pearsonschoolsandcolleges.com/dir/7972>). For information about uploading the Report Package to PowerSchool SMS, see *PowerSchool SMS eDocs - Administration Manual*, available by clicking **Help** on any PowerSchool SMS 8.2 page when signed in with a District Administrator role.

For detailed information about each PowerSchool SMS report, refer to *PowerSchool SMS eDocs - Administration Manual > Appendices > PowerSchool SMS Report Package Reports*.

Reports in this package

The PowerSchool SMS 8.2 Report Package contains the latest versions of all “report package” reports (that is, reports not built into Chancery SMS or PowerSchool SMS) from Chancery SMS 6.6.8 to PowerSchool SMS version 8.2 [Table 1].

Note: If your district uses a PowerSchool SMS system that has been converted to Permanent Record (PR), you will also need to download the [820 PR RptPckg.zip](#) file from PowerSource; this package contains the Cumulative GPA Report and the Student Transcript Reports for Permanent Record environments.

TABLE 1: Reports in Report Package

Test Session Summary Report	2	

Reports fixed

Administration Reports

PowerSchool SMS List of Reports

(SMSMAINT-20738)

This report has been fixed so that the revision numbers no longer run into the "First Compatible Build" column.

Online Course Requests

Student Recommended Courses Verification

(SMSMAINT-20005)

This report has been fixed so that if the school has not selected a planning schedule, requested courses no longer incorrectly display in the "Recommended courses no longer available" section.

Scheduling Reports

Student Contacts Roster

(SMSMAINT-20638)

This report has been fixed so that incorrectly formatted phone numbers are no longer ignored.

Student List Reports

Homeroom Roster Emergency Contacts

(SMSMAINT-20739, 20740, 20741, 20742, 20743)

This report is fixed so that it now prints all relationship indicators, and student siblings (if the sibling is in a different school, the school name is also printed), and prints even if there is no teacher associated with the homeroom. In addition, the report now prints from A to Z.

Reports updated

Scheduling reports

Student Contacts Roster

(SMSMAINT-22477)

This report is updated to include all indicators (including the Online Contact Editing indicator) for any given contact.

Student Behavior reports

Student Behavior Summary

(SMSMAINT-8354)

This report is updated to include School Student and Grade filters, and to work with Student Behavior Lite.

Student List reports

Contact Mailing Labels

(SMSMAINT-17738)

This report is updated to use the new contact schema implemented in PowerSchool SMS 8.0. The report is now divided into three reports as follows:

- Contact Mailing Labels (2 cols) Avery5161 (replaces the original report)
- Contact Mailing Labels (3 cols) Avery5160
- Contact Mailing Labels (4 cols) Avery5267

Student Directory Report

(SMSMAINT-22473)

This report is updated to print the Online Contact Editing indicator for any given contact.

Built-in report updated

Attendance reports

Attendance Exceptions Student List Report

(SMSMAINT-17743)

This report is updated to use the new contact schema implemented in PowerSchool SMS 8.0. **Note:** The report remains a built-in legacy report and has a new rev number of 3.
