

## **Professional Development Plan Alignment**

Learning targets and success criteria clearly delineate goals and measures of success.

Feedback:

Plan includes multiple learning activities and presentation methods including workshops, opportunities for modeling, low-risk practice with feedback, and peer coaching and support.

Feedback:

Plan includes approximately 50 hours or more of professional learning opportunities over a 6-12 month time period.

Feedback:

Majority of resources and activities are designed to support implementation (20/80 Rules).

Feedback:

Professional Learning Communities (PLCs) meet regularly to collaboratively address problems of practice, deepen understanding, and share robust solutions and ideas.

Feedback:

Opportunities for reflection are embedded throughout the 3-year plan to allow for course corrections and celebrations.
