

Name: _____

Station 5 Student Sheet
Rebuilding: Should We or Shouldn't We?

Step 1: The Aftermath

Directions: After watching each video segment, individually record any facts, interviews, and images that stood out to you. Then, compare your list with your group members. After the discussion, answer the summary questions provided.

Hurricane Katrina	Hurricane Sandy

<p>Summarize the physical damage and devastation of both hurricanes.</p>
<p>Summarize the financial damage and devastation of both hurricanes.</p>

Station 5 Student Sheet
Rebuilding: Should We or Shouldn't We?

Step 2: For and Against

Directions: Reflect on the following question: *Should rebuilding always be a part of natural disaster recovery in urban areas?* Be sure to consider the potential emotional, physical, financial, and safety concerns involved for both sides of the argument.

Yes, rebuilding should occur.	No, rebuilding should not occur.

Step 3: Take a Position

Directions: Take a position. Write your answer to the question in the form of an editorial in an online newspaper. Be sure to cite at least two pieces of evidence from the video segments to support your ideas.
